

VAN BUREN COUNTY DRAIN COMMISSIONER

JOE PARMAN, Drain Commissioner GEORGIA MASSURA, Deputy Drain Commissioner BRANDON KULHANEK, SESC & Maintenance Supervisor

REPORT

- Inspection Property Owner Complaint
 Documentation Other

Drain: Branch of N. Phoenix? **Township:** S. Haven **Section:** 11

Property Owner/Issue: Don Johnston, Cherry Street, South Haven

Comments:

Reported Flooding Problem:

Back & side yard flooding do to ditch next to home. Ditch runs East and West, goes under Cherry Street and continues west. Ditch then goes to Bailey Street where it should go under Bailey and into street stormwater basins. Tube under Bailey is plugged with sediment and heavy tree downfall. Tube is also partially collapsed. Ditch is open channel until Bailey and Green Streets and becomes an enclosed stormwater system down Green Street.

Plan of Action:

Drain is not part an official Branch to the North Phoenix Drain. Report problem to the City of South Haven and/or Township. Property owners or municipality would need to petition drain office in order for the watercourse to become a branch to North Phoenix Drain and be improved.
