

Sign Up for Smart911

Smart911 allows citizens to provide the additional details that 9-1-1 call takers may need in order to assist them during an emergency. When you dial 9-1-1 today the information received by the 9-1-1 call center can be limited based on the type of phone you are calling on. With Smart911, anytime you make an emergency call from a phone registered with your Safety Profile, the 9-1-1 system recognizes your phone number and automatically displays your profile on the screen of the call taker who receives your call.

Visit smart911.com to read more about how this could help you, your family and pets.
